acres of the finest valley land, all of which

is under irrigation, if it should ever be required. The property includes a ranch at

the mouth of Deep creek, which is considered one of the best

in Montana. This ranch will produce an-

nually 1,000 tons of natural hay. The

Deep creek ranch is also heavily timbered.

In the sale are included about eighty high bred coits, many of them by the noted

trotter Prospect. There is also a large herd of highly bred cattle on the ranches. This is unquestionably the finest stock ranch property in Montana. The sale is regarded as proof the growing importance of northern Montana. Mr. Vaughn intends to reside in this city, where he owns considerable property. Mr. Couch arrived in town this afternoon.

KILLED HIS CHILD

Fatal Ending of an Elopement Case in Missouri -- A Fleeing Woman Kills Her Husband.

Murderers and Horsethieves Meet Their Fate at the Hands of Vigilantes-Widow and Children Cremated in Missouri.

St. Louis, Jan. 21.-From Bolar, in Mercer county, Mo., comes the following story of a deplorable tragedy: Henry Thomas, an old farmer, has four grown daughters named Hattie, Margaret, Nancy and Jane, aged 16, 18, 20 and 22 years respectively Last Wednesday night Samuel and Charles Hasburn. brothers, procured a ladder and helped Margaret and Jane out of the secbut as they were about to elope with the girls the old man appeared on the scene, but too late to prevent their escape. He at once procured the best horse he had and a shot gul., and started in pursuit. When about twelve miles from home he overtook the fleeing party. He immediately opened fire on them, killing both boys and fatally wounded Margaret. After getting nearly home with the girls he was told that the other two, Hattle and Nancy, had also eloped with Ned Greason and Thomas Allison. He at once left the girls he had with him in charge of some neighbors and started after the others. After securing the other two girls without any serious trouble, he started back, but when about two miles from home the mob took possession of him and strung him up to a tree. The old man was terribly strict with the girls. He would hardly let them out of his sight, hence the elopement. He always bragged that he would not be bothered with lazy sons-in-law. Margaret died last night.

CLUNG TO JACK.

CHEYENNE, Jan. 21. - Sheriff Hanson and two deputies passed through here today in hot pursuit of Mrs. Alice Bloodgood and Jack Cushing, who are wanted in Unitah county on the charge of murder. Mrs. Bloodgood is the wife of the foreman of the Hams Forks coal mines. Two weeks ago Cushing came to the mines, posing as a puglist and quickly gained the affection of the foreman's wife and Friday night they eloped. Bloodgood and some friends started after them only an hour later. All were on horseback, as it was thirty miles from the nearest railroad.

About midnight the fleeing couple were overtaken and a parley was held. Bloodgood offered to forgive his wife if she

would return.
"Will you let Jack go?" she demanded. Bloodoood refused, and she drew a pistol and shot him twice, killing him. While his friends were attending to him the elopers galloped away and it is believed caught an east bound train. Mrs. Bloodgood is a good-looking blonde, about 26, years old.

A TEXAS TRAGEDY.

Horse Thieves Leads to Several Deaths, St. Louis, Jan. 21 .- A Fort Worth, Tex. dispatch received late last night says Sher-

iff Richardson, of this county, received a telephone message at midnight from Graham, in Young county, to the effect that at about 10 o'clock last night, while a deputy United States marshal, with a posse of Graham citizens, was escorting the four Marlow brothers, Buck Hart and another man named Pierce Parker, to the county jail at Weatherford, the prisoners being in dicted for four murders and eight cases of horse theft, a mob of thirty citizens attempted to lynch them. wounds are too serious to permit their escape.

The report says the excitement at Graham is at fever heat. It appears this affair was a sequel to another that occurred Friday night. Boone Marlow, one of the four brothers mentioned, all of whom were of bad repute, and accused of various thefts, killed Sheriff Wallace, of Young county, Dec. 17 while the latter was attempting to arrest him. Marlow escaped, but his brothers were arrested as accessories. Later they broke jail but were captured and Friday night a mob of about thirty men attacked the jail with the purpose of lynching them. The mob falled, however, and at 9 o'clock Saturday the prisoners, under a strong guard, were started from Weatherford for safe keeping. It was while this party was enroute that they were attacked with the above result.

In consequence of these advices the British fleet in the Pacific will be increased immediately by at least two powerful vessels. Washington, Jan. 21.—It is said at the navy department that it will take at least six weeks for the war ships Trenton and Vandalia to make the voyage to Samoa; that the Nipsic will be the only United States vessel at that country from now until after March 4. No additional information in regard to the state of affairs in Samoa has been received by the state department.

At the state department and German le gation there is considerable anxiety and apprehension concerning the state of affairs at Samoa. The German minister avoids all interviewers. Secretary Bayard says the state department has not received any information of an alarming character from Samoa since the transmission of all correspondence on the subject to congress last week. Subsequent dispatches, he says, are rather of a reassuring nature. "The lives and property and treaty rights of all Americans," said the secretary, "will be protected, and so will the Samoans in their right to self government without any interference from without."

New York, Jan. 21.—Admiral Gerhardi says that in case of war with Germany over Samoa, the scene of operations will probably be confined to that island, and though our navy is weaker than Germany's we would have the decided advantage in being able to throw a large body of troops on the ground much quicker than Germany.

Vance moved to amend the first paragraph of it by making it read: "All wools of the Alpaca goat and other like animals shall be admitted free of duty," and addressed the senate in support of his amendment. After speaking some time Vance yielded to Allison, who reported several amendments to the wool and woolen schedule, amendments which were sent to the printer without being read. They are to the following effect: In paragraph 346, taxing wools of the first and second class 11 cents per pound, the words "and second" and the words "wools of the second class 12 cents per pound, are added. In paragraph 346, which taxes wools valued at not over 12 cents a pound 6 cents a pound, the tax is increased to 8 cents. In paragraph 347, in relation to wool of the third class valued at 12 cents or less per pound, the tax is increased from 234 to 4 cents per pound. In paragraph 348, relating to wools over 12 cents in value, the tax is increased 6 to 8 cents. One was to force the friends of the Oklahoma bill to accept certain amendments; the other being to prevent consideration of the Union Pacific funding bill under suspension of the rules. Both these points were conceded to him, and he withdrew the bankruptcy bill. Then Weaver, Iowa, began filibustering, and introduced and demanded the reading of a long preamble and resolution calling on the interstate commerce commission for certain information, also a resolution calling on the attorney general to report what steps had been taken to secure a judicial enforcement of the forfeiture of the franchises of the Pacific railroad companies.
